

Winterim FAQs

What is Winterim?

** Total credits are based on the number of credits attempted. Course withdrawals are included in the total attempted credits.

If I'm a parttime student in the fall, will registering for a Winterim class make me full-time?

Since registration for Winterim happens after Financial Aid has been awarded and Fall has been billed, registering for a Winterim class will not change your Fall status. Therefore, you must be registered for at least 12 credits in the Fall to be considered full-time, regardless of how many credits you plan to take in Winterim.
